## A Message from Paul Carrette CEO of FlagShooter

I want to take a moment to sincerely thank you—our valued customers and partners—for your continued support and trust in FlagShooter.

By God’s grace, this year has brought exciting growth and new opportunities. We recently moved into a new facility that is 50% larger, giving us the ability to serve you more efficiently and expand our operations. We’ve also added new product lines that further support our shared mission of damage prevention and keeping our communities safe.

These milestones are a direct reflection of your belief in our team and our purpose. At FlagShooter, we remain committed to delivering innovative, reliable solutions for utility locators and excavation professionals. Our foundation has always been built on faith, integrity, and a calling to serve others—and we are humbled to walk this journey with you.

We give thanks to the Lord for His provision and for each one of you who plays a role in this mission. We look forward to continuing to grow together in service and stewardship.

*With gratitude,*

*Paul Carrette*

# FLAGSHOOTER®

The FlagShooter is a mechanical tool that was developed to bring safety and efficiency to the damage prevention industry by combining the tasks of flagging and painting into one handheld device. The FlagShooter has simplified this task by allowing an operator to spray paint at the squeeze of the trigger and to install a flag with compression of the handle once the FlagShooter bottom is in contact with the ground. The efficiency and

ergonomic benefits of the FlagShooter are magnified in hard or frozen ground scenarios. The FlagShooter works with all industry leading inverted nozzle marking paint brands.

The FlagShooter is constructed of non-corrosive materials including nylon, aluminum and stainless steel. All parts are made and assembled in the U.S.A.

# EZShake™

## Aerosol Paint Mixing Drill Attachment

Maximize Efficiency. Minimize Waste.

The EZShake™ is the fastest, most effective way to mix aerosol marking paint—designed with utility locators and field crews in mind. Built with a durable 5.5-inch tall body and a 3.25-inch outer diameter, this rugged attachment accommodates standard 20 oz aerosol cans with a 2.75-inch internal diameter fit.

**Key Features:**

- 3.25" OD / 2.75" ID / 5.5" Tall Body
- 1.25" Hex Adapter – fits most drills and impact wrenches
- Works best with drills rated at 1700+ RPM

A 1.25-inch hex adapter ensures compatibility with any drill or impact wrench, making EZShake™ a universal solution for your mixing needs. For optimal performance, pair with a drill capable of at least 1700 RPM.

**Why EZShake™?**

Clogged cans waste money and time. Properly mixed paint flows better, covers more, and reduces can failure. The EZShake™ helps you get the most out of every can—no more wasting time shaking by hand. After all, you're paid to mark the ground, not shake a can.

*Reduce paint waste, save time, and improve jobsite productivity with the EZShake™.*

## ONE YEAR WARRANTY TERMS

The FlagShooter is protected by a one year transferable warranty from the date of purchase against defects in material and workmanship. We will repair or replace defective products at no cost to the customer during the warranty period.

The warranty described shall be in lieu of any other warranty, including but not limited to, any implied warranty of merchantability or fitness for a particular purpose. We are not liable for consequential damages including intentional or unintentional misuse on the job.

This warranty is void if after receiving the FlagShooter in good condition, it is subjected to abuse, unauthorized alterations, or casual repair.

In the event a warranty issue arises, contact FlagShooter Inc. or your reputable distributor for return shipping information.

Once the one year period has lapsed, if you have an issue with our product, we offer a Maintenance Program to ensure the FlagShooter serves you reliably for years to come.

## MAINTENANCE PROGRAM

Our Maintenance Program is for FlagShooters that are three years old or less. For a small fee you can send your FlagShooter in for this option. We will rebuild it with all the necessary parts and apply all updates that are available at the time of maintenance. Then, we will ship your FlagShooter back to you with a 90-day warranty. Customers are responsible for costs related to maintenance and repair, please contact us for current pricing and to get a Return Materials Authorization (RMA) Form.

## 90-DAY MONEY-BACK PERFORMANCE GUARANTEE

Here at FlagShooter Inc. we are so certain that after purchasing your FlagShooter you will see savings and benefits that we are giving you 90 days to prove otherwise.

Once you get your FlagShooter, hit the field with it and try it out. We suggest testing it out in various kinds of ground. You will also see how painting and flagging with one tool in the same hand will save you time and energy which quickly converts to money! While you are at it, evaluate how your back feels at the end of the day. We have found it will be less stressed which can lead to a more enjoyable time at home.

- ✓ Faster locates to increase productivity and decrease labor cost -- Guaranteed -- Up to 40% faster.
- ✓ **Ask how the FlagShooter Calculator can show you time and money savings instantly!**
- ✓ Less work and tools in hard and frozen ground -- Guaranteed -- Check out our testimonials.
- ✓ Less back strain and safer for your team -- Guaranteed -- See our ergonomics evaluation.

## TO SEE THE ABOVE MENTIONED RESOURCES GO TO [WWW.FLAGSHOOTER.COM](http://WWW.FLAGSHOOTER.COM)

*These are all factors our loyal customers have been telling us for more than 15 years and we feel confident to guarantee it!*

*This is not a limited time offer. This is who we are and how we operate. So now that we have taken the risk out of the idea of using the latest innovation in marking technology since the marking flag, why not get on the fast track to Time, Energy, Effort, Pain Management, and Money Savings?*

## TERMS

- ✓ This guarantee is for the FlagShooter tool only, not the marking flags.
- ✓ This opportunity is good for 1-10 FlagShooters. If you have a large team we recommend trying out 10 FlagShooters to keep the transactions streamlined for everyone.
- ✓ Some shipping expenses may occur.
- ✓ This guarantee becomes effective the day of purchase.
- ✓ FlagShooter Inc. reserves the right to ensure proper use of the FlagShooter is being applied.

## FlagShooter Tool Flags

FlagShooter flags are proprietary to the FlagShooter tool because they are collated into clips of 25 flags and have a patented bend at the bottom that allows the FlagShooter tool to engage them for insertion into the ground.

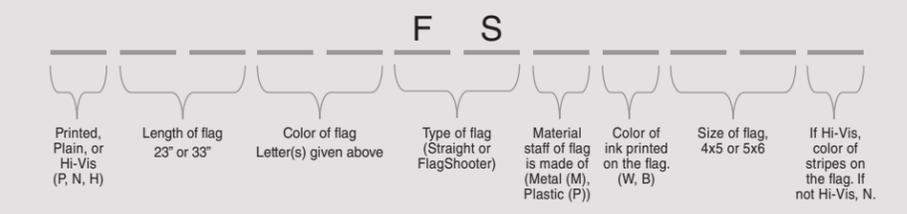

### MATERIALS OF CONSTRUCTION

The flag staff is 0.066 in. diameter and is made with recycled US manufactured steel wire. The flag banner is a long-lasting low-density polyethylene that is digitally printed with a U.V. cured ink and attached to the stem without glue.

## Delta Marker

The ultimate solution for marking underground utilities with unmatched visibility and durability. This triangular marker provides a full 3.76" viewing area, making it 20% more visible than most commonly used triangular markers. These markers are available in standard colors like white, red, orange, yellow, green, and blue, allowing for easy identification. One of the standout features of the Delta Marker is its single-wrap decal, which wraps entirely around the marker.

## Drivable Marker

Designed with the highest fiberglass content, the DRV stands firm and upright, resisting sagging and maintaining visibility even in challenging conditions. One of the significant advantages of Vulcan's DRV is its rigidity, which allows for easy installation in most soil conditions. Available in standard lengths of 66" and 72", the DRV offers versatility to meet various marking requirements.

## Bullet Marker

The Bullet Marker features a distinctive round dome design, providing a full 3.5" viewing surface that ensures your utility markers stand out. Ideal for a variety of applications, the Bullet Marker is perfect for identifying natural gas, petroleum, fiber optic, water, sewer, and electric lines. The Bullet Marker is available in various lengths, with the most common overall lengths being 6 feet and 8 feet. The message part, known as the Bullet Head, stands at 18 inches tall, providing ample space for clear and concise messaging.

## Grounding Rod for Utility Locators

**Durable. Reliable. Made in the USA.**

Our Grounding Rods are built for performance and safety in the field. Constructed from high-quality cold-rolled steel, these rods are designed to provide a solid connection point for signal transmitters during underground utility locating.

Available in 12", 18", and 30" lengths, each rod features a bull nose end—specially rounded to help minimize the risk of damaging underground infrastructure during insertion. Whether you're working in soft or compacted soil, these grounding rods offer the strength and reliability you need.

### Key Features:

- **Available Lengths:** 12", 18", and 30"
- Cold-Rolled Steel Construction for lasting durability
- Bull-Nose End minimizes risk to buried utilities
- Proudly Made in the USA
- **Safety Tip:** Always know what's below before use.

## Ground Pounder

**Slide Hammer Ground Rod for Utility Locators**

*Built for Tough Ground. Made in the USA.*

The Ground Pounder is the ultimate tool for utility locators who need to set ground rods in the most demanding soil conditions. Whether you're working in hard clay, rocky terrain, or frozen ground, this slide hammer-style ground rod simplifies the job—saving time and reducing physical strain.

With a 46.5" overall length, 10" stroke, and 18" maximum ground penetration, the Ground Pounder delivers consistent, effective performance in the field. Weighing just 8 lbs, it strikes the perfect balance between strength and maneuverability.

Designed with a top plate for mallet-assisted driving and foot step, the Ground Pounder gives users the flexibility to add extra leverage when needed. The bull-nose rounded end minimizes the risk of damaging buried infrastructure, while its cold-rolled steel construction ensures durability in even the harshest environments.

### Key Features:

- 46" Overall Length
- 10" Slide Hammer Stroke
- 18" Maximum Ground Penetration
- Weight: 8 lbs – portable and powerful
- Slide Hammer Action for quick insertion and removal
- Top Plate for foot or mallet-assisted driving
- Bull Nose End to protect underground utilities
- Cold-Rolled Steel for long-lasting durability
- Proudly Made in the USA

**Drive it. Ground it. Get the job done—fast.**

## M1800 System

### Water-Based Precision Line Marking Paint

Create ultra-crisp, long-lasting marks with Rust-Oleum Industrial Choice® M1800 System Precision Line Inverted Marking Paint. This water-based marking spray paint makes accurate, easy-to-read lines in bright, durable colors.

**Key Features:**

- Marking paint covers more linear feet per can than other brands
- Use on grass, gravel, dirt, concrete, asphalt and more
- Precision tip results in virtually no over-spray
- Resists early fading and chalking; lasts up to 30 days
- Adheres to hot surfaces; can be sprayed in the cold (to 25°F)
- Dries in under 5 minutes

### Utility Meter Paint

## Rust-Oleum® High Performance V2100 System Enamel Spray Paint

Rust-Oleum® High Performance V2100 System Rust Preventive Enamel Spray Paint is ideal for industrial painting projects. It can be used on metal, steel, masonry and wood. The advanced formula provides the best-possible corrosion protection with easy, one-coat coverage and long-lasting color, gloss and durability.

**Key Features:**

- Tough, professional finish that resists chipping, cracking and peeling
- High-output tip covers 50% faster
- Dries to the touch in 20 minutes
- Comes with a 2-year rust-proof guarantee
- Withstands heat to 200°F
- Works as a touch-up paint -- most V2100 enamel spray paint colors match the 7400 or V7400 System
- Meets USDA requirements for incidental food contact; accepted for use in federally registered Canadian food facilities; VOC-compliant nationwide

COLOR	
V2188838	Smoke Gray

## Professional Marking Wand w/ Flag Holders

The locator's choice. Make ground-marking jobs quick and painless with the Rust-Oleum® Professional Marking Wand. This wand includes flag holders, and a spike to penetrate hard soil. Carry paint and flags for quick and efficient utility locates.

**Key Features:**

- Light touch spray control
- Greater comfort and control

**For Best Results:** Use with Rust-Oleum® Professional Inverted Marking Paint Spray.

## Professional Marking Wand

Make ground-marking jobs quick and painless with the Rust-Oleum® Professional Marking Wand. This single-wheeled, rolling tool applies marking paint comfortably and accurately. Just load a can, pull the trigger and start walking.

**Key Features:**

- Easy loading
- Light touch spray control
- Greater comfort and control

**For Best Results:** Use with Rust-Oleum® Professional Inverted Marking Paint Spray.

## Professional Striping Machine

Make crisp, accurate stripes with the Rust-Oleum® Professional Striping Machine. Its heavy-duty wheels work on a variety of terrains and make applying striping paint fast and painless. Just collapse the handle to take it anywhere.

**Key Features:**

- Makes it easy to apply sharp, crisp, consistent lines
- Adjustable stripe width from 2" to 4"
- Heavy duty wheels

**For Best Results:** Use with Rust-Oleum® Professional Striping Paint Spray.

## Seymour Concrete Renew

### Liquid Concrete Coating Spray Paint

For over 70 years, Seymour Paint has led the industry in creating products that are trusted by professionals and made for everyone. Concrete Renew Gray Spray Paint is another example of our standard of quality, innovation, and efficiency.

Our concrete coating paint gives you a fast, effective way to restore driveways, sidewalks, warehouse floors, and more. It's a professional-grade liquid concrete coating that effectively conceals unwanted permanent marks, stains, or faded areas. It leaves a natural gray finish that blends seamlessly with most standard concrete surfaces.

The quick-drying, highly durable formula withstands foot and vehicle traffic and offers long-lasting performance without fading or peeling. Seymour Concrete Renew Spray Paint delivers superior results with DIY simplicity.

**Cover Up Eyesores Fast with Concrete Renew Spray Paint**  
Don't let stains and marks ruin the look of your concrete. Cover

them up fast with Concrete Renew Gray Concrete Coating Spray Paint. It hides blemishes on driveways, sidewalks, and other cement or concrete surfaces in minutes.

No harsh chemical paint strippers or costly resurfacing necessary—just spray and watch unsightly spots disappear. The quick-drying formula gets you back on track with less downtime. Cover it up, step back, and enjoy the refresh!

#### Simple Application with Serious Results!

Seymour Concrete Renew Gray Liquid Concrete Coating Spray Paint is engineered for efficiency. The easy-to-use inverted spray tip allows for precise application by hand or with our Striping Machine, Stripe Marking Gun, and Stripe Marking Wand.

Our cement spray paint dries to the touch in 15 minutes and is traffic-ready in just 60, so it gets you back in action fast. Built tough for pros, designed easy for everyone!

SKU 20-600

## Seymour Grass & Shrub Renew

### Pristine Green Brown Spot Concealer

For over 70 years, our family-owned paint experts have crafted premium aerosol spray paints and coatings for the job site, garage, and home. But have you considered Seymour Paint for your lawn? Our Grass and Shrub Renew Professional-Grade Brown Spot Concealer is a game-changer for your yard.

Whether you're struggling to nurture a vibrant green landscape or battling the effects of pet urine on your lawn, Renew Grass and Shrub turns brown spots in shrubs and grass green fast! It's easy to use, resistant to rain and water, and non-toxic, giving your landscaping that lush look without impeding the growth of the existing foliage.

#### Easy Point & Spray Application for Lush Green Lawn, Hedges & Shrubs

Keeping your lawn and landscaping looking leafy and green is a full-time job. And sometimes, it's just not working! With Seymour Grass and Shrub Renew, you can have the look of thriving topography even when the lushness is lacking.

Our aerosol spray paint makes it simple. Just make sure the

grass is dry before applying and spray away! One can of Renew Grass and Shrub covers up to 18 square feet of brown spots while still allowing the existing foliage to grow and thrive.

#### Long-Lasting, Water-Resistant & Non-Toxic!

Renew Pristine Green Professional-Grade Brown Spot Concealer isn't just easy—it's safe and lasting. Our aerosol yard paint will not wash away with rain or irrigation. It provides lasting and dependable coverage for those pesky brown and dead spots.

And, there's no need to worry about little ones and playful pooches in the backyard. Once dry, Renew is odorless and non-toxic. It won't even damage your plants or affect their growth. Using Seymour Paint Grass and Shrub Renew is a win-win when you're ready to spruce up your yard!

## FacePro

Introducing our INSULATED Head-Sock, designed with advanced insulation around the face and ears, making it ideal for use with helmets and in cold conditions. This innovative headwear offers exceptional warmth and comfort, ensuring your face and ears stay protected from the elements.

**How to Wear:** You can use FacePro in three different ways to regulate temperature. For mild or cold temperatures, wear it under your chin. For colder environments, wear it across your face. On the other hand, for warmer conditions, wear it open under your chin.

**SIZING:** Regular/Large

FacePro is perfect for individuals with varying head sizes. Its regular size is ideal for women and smaller head individuals, while the large size caters to large men and those with bigger heads.

**SKU FOR-FML | FOR-FMR**

## Hand Muff

Engineered for extreme cold, the Fortress Clothing™ Hand Muff delivers unmatched warmth with USA PATENTED Insulation, keeping hands warm even when wet. Perfect for hunters, outdoor workers, and winter sports enthusiasts. Fits up to 40” waist

**SKU FOR-224-904**

## SL T2 Series Type II Safety Helmet

Top of the line, maximum protection to send you home safe at the end of every day. Designed with advanced EPS foam for 360° impact absorption and a durable ABS shell, the SL T2 offers reliable protection without the weight. It features soft padding and a ratchet suspension for all-day comfort and easy fit adjustment. The 4-point cross-over chin strap ensures a secure fit, while compatibility with SL T2 accessories allows customization. Certified to ANSI/ISEA Type II standards for trusted performance.

**SKU** PYR-HPT261110

## Ridgeline Cap Style 4 Pt Ratchet Suspension

This lightweight ABS hard hat is a reliable mid-range option—delivering more comfort and features than basic models without the high cost. Top and rear vents help keep you cool, while the low-profile design improves balance. An adjustable 4-point harness and easy ratchet system ensure a secure, comfortable fit.

**SKU** PYR-HP44110

## Ridgeline Full Brim Style 4Pt Ratchet Suspension

This full brim hard hat offers a great balance of comfort, protection, and value. Made from lightweight ABS, it features top and rear vents for airflow, a 4-point ratchet suspension (upgradeable to 6-point), and a soft, replaceable brow pad. The full brim design adds sun protection for your face, ears, and neck.

**SKU** PYR-HP54110

## Sleek Shell Cap Style 4 Pt Ratchet Suspension

This basic hard hat is a cost-effective solution for essential head protection. Made from durable polyethylene, it offers impact and penetration resistance with a simple, low-profile design. Ideal for linemen and jobs where only the essentials are needed, it meets ANSI Type 1, Class E standards and includes a soft brow pad for added comfort.

**SKU** PYR-HPS14110

## BasePro Crew

The BasePro Crew is a temperature-regulating base layer built with AERIS™ 250 insulated, 4-way stretch fabric for unmatched comfort and mobility. Designed to perform in temperatures from -5°F to 70°F, it wicks moisture fast, keeps you warm even when wet, and features antimicrobial treatment to fight odor and bacteria. Made from a premium blend of polyester, spandex, and nylon for lasting durability and performance.

Versatile single layer replaces 2–4 traditional layers – Less bulk, more freedom.

## GLO-099 FrogWear®

### Class 2 HV Premium Vest

This ultimate premium safety vest is high-visibility yellow/green with a solid polyester front, dual-layer mesh back, and heavy-duty polyester twill black bottom front. The 3M™ reflective material with contrasting orange trim provides extended visibility in low light. This vest features a webbing-reinforced outer edge, a neoprene padded neck, and mic tabs on the shoulders. The two neck grommets provide placement for lanyards/tethers, and the two grommets in the lower left front pocket are for tethers, flagging tape, and cables/wires. Five outside and four inside pockets include one full-length tablet/map/document pocket on the back with zipper closures, two inside tablet/map/document pockets, and an outer left breast pocket with two tiers to include four pen/marker holders. Added features are two spray paint can/bottle holders and a reinforced heavy-duty zipper closure.

**SKU** BFF-GLO-099

## GLO-217LS FrogWear®

### HV Premium High-Performance Self-Wicking Bamboo/Polyester Long-Sleeved Shirt

This premium long-sleeved shirt is self-wicking with high-performance stretch birdseye bamboo/polyester material. The high-visibility yellow/green color and segmented silver reflective material increases low-light visibility. Ribbed fabric sleeve cuffs provide a better form fit for the user. Features UPF 30+ sun protection, one left breast pocket, and a tagless design for added comfort.

**SKU** BFF-GLO-217LS

## GLO-217 FrogWear®

### HV Premium Self-Wicking Bamboo/Polyester Short-Sleeved Shirt

This premium, short-sleeved shirt is high-performance stretch, self-wicking, birdseye, bamboo/polyester material. The high-visibility yellow/green color and segmented silver reflective material enhance low-light visibility. The shirt features UPF 30+ sun protection and a tagless design. There is one front left breast pocket.

**SKU** BFF-GLO-217

## 28" #7 Reflective Cones

This 28" #7 safety cone features a patented grip top for secure, slip-free handling and easy placement. Outfitted with 3M reflective collars for high visibility and a stackable design that prevents sticking, it's built for fast, dependable use in any work zone.

**SKU** UAT-NG3M28-07

## 18" Safety Cones With 3M Reflective Strip

This 18" safety cone features a patented grip top for secure handling and better control during placement. Its 3M reflective collar ensures high visibility, day or night, and the stackable design prevents cones from sticking together—perfect for quick deployment and reliable safety on any job-site.

**SKU** UAT-NG3M18-03

## 18" Cones Non-Reflective

This 18" non-reflective cone features a Gorilla Grip top for secure handling and easy placement. Built to last, it won't fade, stick when stacked, or slip in hand. Meets NCHRP 350/MASH requirements for trusted performance on any job-site.

**SKU** UAT-NGOO18-03

## Rhino Hit Kit

This damage documentation kit improves root cause investigations by providing clear, consistent markers and measurements for buried facility damage. It includes high-visibility "MARK" and "DAMAGE" posts, a 36" or 72" rigid ruler, and a durable carrying bag—ensuring accurate, standardized records to help reduce costly disputes.

**SKU**

36" Ruler **PRS-HK20-ENG**

36" Ruler + 2 **PRS-HK220-ENG**

72" Ruler **PRS-HK20-ENG/72**

72" Ruler +2 **PRS-HK220-ENG/72**

## Plastic Manhole Cage

This lightweight, foldable manhole guard offers quick, secure protection around work zones. Made from durable, non-conductive HDPE, it features interlocking panels for stability and folds flat for easy transport and storage—ideal for fast, reliable job-site safety.

**SKU** STA-12400

## Werner Telescoping Ladder 12.5ft Type IA

The 12.5-foot Werner Telescoping Ladder is expertly engineered for safety, stability, and to meet the demands of the job. Featuring reinforced rail-to-rung connections, a 300-pound duty rating, and ANSI certification, this telescoping ladder offers a secure, reliable, and comfortable climbing experience. Its superior locking system includes an easy-to-read visual lock indicator, clearly showing when the ladder is fully extended, engaged, and ready for use. The one-click unlock mechanism simplifies ladder retraction, allowing for quick transitions between tasks. Speed-controlled lowering ensures safe retraction, preventing finger injuries, while the Wide Step Work Zone provides extra-wide steps for enhanced safety and comfort while working at height.

**SKU** BFF-TS1250

## 6" Booth Wrench (SNI Tool)

This 6" Booth Wrench is designed for opening 5/32" hex tamper-proof fasteners on communication and pedestal boxes. Made from heat-treated carbon steel for durability, it features an extra-long 6" shaft and a 9" overall length for extended reach.

**SKU** JON-BW-532

## 3" Booth Wrench (SNI Tool)

This 3" Booth Wrench is ideal for accessing communication and pedestal boxes with 5/32" hex tamper-proof fasteners. Made from heat-treated carbon steel, it offers long-lasting durability in a compact 6" overall length—perfect for easy storage and portability on the job.

**SKU** JON0BW-532-3

## Can Wrench With Stripper

This 7" can wrench packs power and precision with heat-treated sockets that reach tight spots and fit long binding posts. A built-in stripper handles quad and 22 AWG wire, while the rugged, ergonomic handle and torque-ready hex design boosts efficiency in the field.

**SKU** JON-M-216CSS22

## Can Wrench Without Stripper

This 7" can wrench is built for telecom use, with thin-walled, heat-treated sockets for long binding posts and tight spaces. Its ergonomic handle offers comfort, and the hex-shaped sockets allow extra torque with an external wrench.

**SKU** JON-M-216C/EX

## Star Key Can Wrench Kit LC, LG, LB, & LS

The Star Key Can Wrench Kit makes opening LB, LS, LC, and LG outdoor pedestals quick and easy. With two 7/16" hex sockets and included Slam Keys, it's a versatile, reliable tool that fits all SSK star keys. Durable and efficient, it's a must-have for any professional's toolkit.

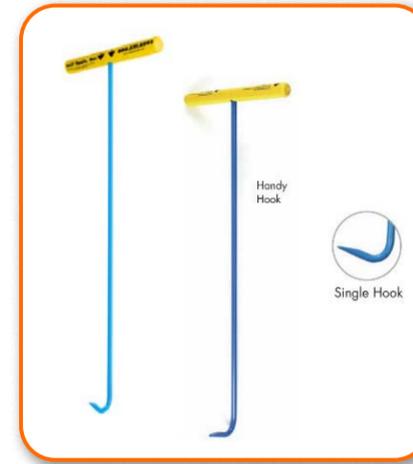

**SKU** JON-SSK-876

## P Key For Pedestal Lock

This high-quality brass P key is designed for use with Channell and similar pedestal locks. Compact and durable, it opens most heavy-duty spring-lock cabinets and easily fits on a keychain for convenience in the field.

**SKU** JON-TTK-225

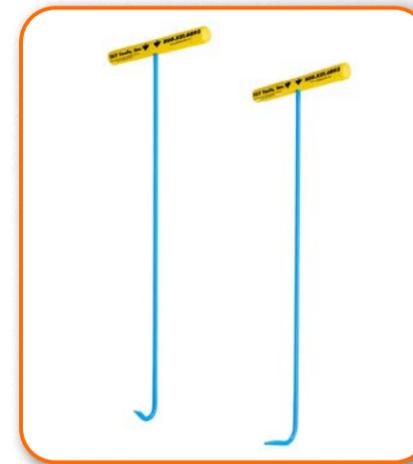

## Handy Hook 3/8 Steel 30"

The Handy Hook™ – 30" Hook is made from 3/8" steel and ideal for light to moderate lifting. Its versatile single hook design handles a variety of jobs like lifting riser covers, steel grates, and septic lids. Built for durability and control, it features a bright, comfortable vinyl grip and a solid steel shaft for dependable performance on the job.

**SKU**

Single	<b>TNT-HL30S</b>
Pump	<b>TNT-HL30P</b>

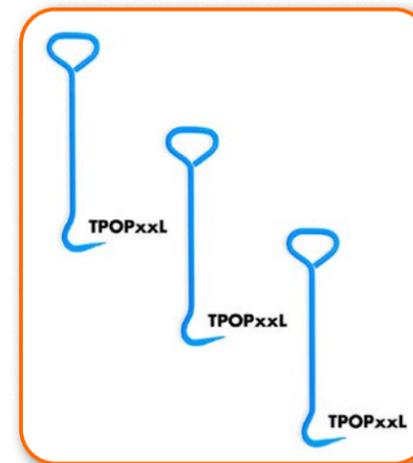

## Handy Hook 1/2 Steel 30"

The Handy Hook™ – Pump Hook is designed for lifting heavy, hard-to-reach items like riser covers, septic lids, and steel grates. Its deeper hook style offers a more secure grip on bulky or awkward loads. Built with a strong steel shaft and a comfortable handle, it's a dependable choice for demanding lifting tasks.

**SKU** 24" BUL-99200 | 36" BUL-99201

## Manhole Lid Lifter

The toughest manhole covers are easy to move with this one piece lifter. It features a long all-steel handle that provides the leverage necessary to lift the heaviest lids. For safe storage, the alloy steel hook recesses and locks into the pole. Rubber grips on the handle and foot prevent slips and cadmium-plating fights rust. 42" long and weighs 9lbs.

**SKU** ALL-9401-20

## Manhole Guard Rail

Our Manhole Guard Rail\* is constructed of strong, one inch tubular .078 gauge steel that is powder-coated in safety yellow for a durable finish and high visibility. Simple one-piece construction offers easy, no-tools assembly. Rail locks open and two hooking chains provide protected entry and exit. For safety, the rail accommodates signs, flags or lights, and for convenience, it can be used with a guard rail tent, umbrellas or winch (PN 9401 only). Available in either 33" or 42" sizes.

**SKU** 33" ALL-9401 | 42" ALL-9401-05

## Magnetic Manhole Lid Lifter

Designed for quick and safe removal and replacement of manhole covers by yourself. Minimizes stress and strain on back and body. Collapsible for easy storage and transport. Can access uneven textured surface found on manhole covers with dual position lifting points to provide the power to break loose the most stubborn covers. Eliminates the use of pry bars. For safety purposes, the magnet must be in contact with manhole cover to be engaged. Moves manhole covers up to 36" in diameter. Offered with a steel or aluminum dolly.

**SKU** Steel Dolly & 660lbs Magnet ALL-9401-25

Aluminum Dolly & 660lbs Magnet ALL-9401-25A

Steel Dolly & 900lbs Magnet ALL-9401-26

Aluminum Dolly & 660lbs Magnet ALL-9401-26A

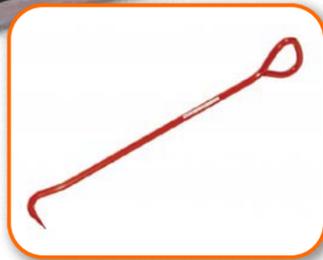

## Manhole Shield High Impact Polymer

Constructed of rugged, lightweight Polyethylene with bright yellow material that resists fading. Will fit 28" (71.1 cm), 30" (76.2 cm), and 32" (81.2 cm) diameter manholes with an inflatable seal that ensures a watertight seal. Designed with 4-outrigger support gussets that stabilize the shield and are 12" (30.4 cm) tall to keep water and mud out of manhole as you work. Can be used with Allegro guard rail and shield retainers.

**SKU** ALL-9401-12

## Manhole Cover Hook

This basic manhole cover hook offers extra length for added leverage and ease of use. With a straight design and 1/2" wide points, it's made from heavy-duty high carbon steel for strength and reliability. A simple, durable tool made in the USA.

**SKU** RDM-MH26 | RDM-MH30 | RDM-MH36

## ADJ. Valve Key For Gatevalves

Compact and durable valve key fits easily in utility trucks or vehicles. Heavy-gauge steel shafts deliver 200 ft-lbs torque. Common 2-inch head suits many utilities, with attachable tools for customization. Made in the USA with strong welds and a safety design that bends before breaking. Use manually or add power drive for ease.

**SKU** RDM-VKA

## Valve and Curb Key

Top-quality, compact water main key with heavy-duty steel shafts delivering 200 ft-lbs torque. Made in the USA, customizable attachments, and a safety design that bends before breaking. Use manually or with power drive for efficient operation. Perfect for professionals needing reliable, versatile utility tools.

**SKU** RDM-VK3CK1CK2

## VKP10 Pivot Head Valve Key W/3FT Ext.

The Pivot Head Valve Key has a 10-degree pivoting head for hard-to-reach 2" nuts and tilted valve boxes. It includes a 3-foot extension for reach up to 10 feet. Made with heavy-gauge steel supporting 200 ft-lbs torque, durable welds, and designed to bend before breaking. Use manually or add a power drive for easier operation.

**SKU** RDM-VKP10

## Meter Key 24" LONG

This 24" T-shaped key features a standard slotted pentagon design and rust-resistant plating for durability. Made from tough materials, it offers long-lasting performance for reliable use.

**SKU** RDM-MKF324

## Meter Box and Curb Box Lid Keys

This meter box and curb box lid key features rust-resistant plating and durable materials for long-lasting use. Designed for efficiency, this waterworks key opens, locks, and lifts lids in a single smooth motion. **SKU** MKH10820

## Meter Box Key

This durable meter box key is made from rust-resistant materials for long-lasting use. Designed to open, lock, and lift yoke box lids smoothly in one motion, it's a reliable tool for waterworks access.

**SKU** RDM-MKF2

## Ductile "T" Meter Lid Key

The Ductile "T" meter lid key is built to last with rust-resistant plating and durable materials. Designed for easy use, it opens, locks, and lifts waterwork lids in a single smooth motion.

**SKU** RDM-MKDT

## 304K Pentagon Key

Tough, reliable, and made to get the job done, the 304K Pentagon Key is built from heavy-duty cast iron to handle demanding use. Designed to fit 5-sided utility bolts, it's the go-to tool for accessing secure panels,

enclosures, and infrastructure with ease. Rugged, simple, and made to last. **SKU** CNM-AY304K

## Utility Manhole Cover With Multiple Hooks

This top-of-the-line utility manhole cover lifter is built for maximum strength, versatility, and performance. Crafted from heat-treated steel, it includes three interchangeable hooks to handle nearly any type of manhole cover with ease. Designed for demanding jobs, it supports up to 125 lbs of force at the handle's end—making tough lifts safer and more efficient.

**SKU** GMP-70157

## MHCR-600

### Leverage Manhole Lid Lifter with Chain & Hook

Uses leverage advantage to pry covers open and swing them to the side. Lightweight yet strong construction, made with 1-1/2" by 14 Ga. stainless steel tubing. Built to withstand years of use.

**SKU** CNM-MHCR-600

## Drain Spade/Sharp Shooter Shovel

Engineered with a tempered blade, this spade delivers exceptional strength and durability. The ashwood handle is designed for comfort and control, equipped with a D-grip for optimal support while you work.

**SKU** BFF-756186

## Round Point Shovel

Built with a tempered blade, this shovel is designed to provide exceptional durability and strength. The fiberglass handle offers a lightweight yet sturdy design, making it comfortable to use for extended periods.

**SKU** BFF-718554

## 3lb Sledgehammer Wood Handle

This 3 lb sledgehammer is a solid choice for everyday demolition and striking tasks.

**SKU** BFF-310123

## 3" Pry Bar W/Plastic Handle

Built for leverage and control, this 3" pry bar features a heat-treated carbon steel shaft and a molded polyethylene handle for a strong, comfortable grip. A powder-coated finish adds rust resistance, making it a reliable tool for tough lifting and prying tasks.

**SKU** BFF-PR31C

## 250' Fish Tape

This Steel Fish Tape delivers top-tier durability and performance. Its shatterproof reel features viewing windows to monitor tape usage, while the tape winds smoothly with no sticky residue. Designed for easy disassembly and fast tape replacement, it offers comfortable finger grips and can pull up to 500 lbs, making tough jobs easier.

**SKU** ZOR-G4403472

## 3/8 in & 1/4 in SAE and Metric Socket Set 40-Pcs

Packed with the most commonly used SAE and metric sizes, this 40-piece set is perfect for quick fixes and everyday projects. It includes a 3/8" ratchet, finger spinner, adapter, and three 8-point sockets for square fasteners—all stored in a compact case that keeps tools organized and ready to go.

**SKU** BFF-344400

## 8" Plier Slip Joint

Built from drop-forged, heat-treated steel, these 8" slip joint pliers offer durability and versatility for everyday tasks. The adjustable jaw provides a wider reach, while oil-resistant cushion grips ensure comfort and control during use.

**SKU** BFF-303593

## Telescoping Magnet 7 lbs

**SKU** BFF-352853

## 6 in 1 Screwdriver/Nut Driver

This versatile screwdriver has double-ended bits in 4 sizes, plus 2 sizes of nut drivers. The driver has a soft-grip TPR handle for comfort and control.

**SKU** HAR-61988

## 25' Tape Measure

Built for durability and performance, this 25' tape measure features an ergonomic ABS case and a nylon-coated blade for long-lasting use. A strong slide lock keeps measurements secure, making it a reliable choice for tough job-site tasks.

**SKU** KOM-4925

## 100' Fiber Reel

This 100' open reel fiber tape measure is built for durability and versatility, with a double-coated, two-color fiberglass blade that resists water, dirt, and abrasion. It features feet/inches on one side and engineer scale on the other, plus a heavy-duty ABS frame, rubber grip, and versatile end hook for reliable use on any job-site or field.

**SKU** KOM-6611

## 14" Measuring Wheel

This 14" measuring wheel is built for durability and accuracy on any terrain. It features a gear-driven 5-digit counter (up to 10,000 ft), spring-loaded kickstand, and telescoping handle with a comfortable pistol grip. The composite tread ensures traction on smooth or rough surfaces, making it a reliable tool for all your outdoor measuring needs.

**SKU** KOM-MK4512

## Jameson IHA-2 Inductive Clamp Adapter

The IHA-2 Inductive Clamp Adapter snaps into Jameson pole ferrules, securely connecting with Inductive Clamps. Compatible with FGA, JE extension, and base poles, it enhances versatility and ease of use for various field applications.

SKU JAM-IHA-2

## Jameson Double Lock & Telescoping Pole

The Jameson TP-8F 8 ft. telescoping pole is made from lightweight fiberglass and features a compact, space-saving design. Its double lock system prevents collapse and ensures a secure hold at any length. Extending from 4 to 8 ft., the pole includes a receptacle end for easy attachment of pruners or saws. SKU JAM-TP-8F

## Tonable Rodder

This EZ-REEL™ tonable rodder replacement offers a quick, hassle-free solution for swapping out damaged duct rod. Pre-loaded for easy use, it's built to save time and improve safety on tough job sites where full coil replacement is needed.

SKU 400m JAM-12-516-400M | 1200m JAM-12A-516-1200M

## Non-Contact Voltage Dectector 24-1000VAC

This compact non-contact voltage tester detects AC voltage from 24–1000 VAC, with sound and light alerts for safe, easy use. It identifies live wires through insulation, features a built-in flashlight, and offers CAT IV 1000V protection. Batteries included. SKU JON-VT-1100

## JP-8738-S Alligator (Telecom) Clip With Insulated Boot

The JP-8738-S is a heavy-duty, nickel-plated steel telecom clip designed for secure, reliable connections. Featuring a bed of nails and an insulation-piercing spike, it ensures strong contact even through insulated wires. Includes pre-attached wire mounting hardware for added convenience and quick setup. SKU MUE-JP-8783-S

## 60ft x 3/4 in Electrical Tape 10 pack

This heavy-duty electrical tape flexes to fit sharp contours for a secure, lasting grip. It performs reliably in temperatures up to 176°F (80°C) and on systems up to 600 volts, making it ideal for tough insulation and protection tasks. Durable and dependable for professional or everyday use.

SKU HAR-63312

## 4" Zip Ties 100 Ct Pkg

These 4" Orange zip ties offer an 18 lb tensile strength and are made from high-quality nylon resins manufactured in the USA. Built to meet military specification standards, they're ideal for bundling cables and identifying wires. The self-locking design ensures a secure hold every time. Perfect for utility work, outdoor jobs these zip ties deliver dependable hold and lasting performance.

SKU CTM-CT204CL-Orange  
CTM-CT204CL-Green  
CTM-CT204CL-Gray  
CTM-CT204CL-Brown

## 60D Nails

Durable and heavy-duty, these 60D nails provide superior holding power for a variety of applications. Their strength and length make them especially well-suited for stake chaser use, ensuring reliable placement and long-lasting stability.

SKU BFF-CM60-50

## Bee Bopper II

Easily eliminate insect nests from up to 20 feet away. This powerful spray kills flying and crawling bugs safely indoors or outdoors, giving you effective, user-friendly pest control.

**SKU** ARI-61011

## Halt! Dog Repellent

Stop aggressive dogs fast with this powerful pepper spray. Made from chili pepper extract, it causes intense but temporary discomfort without lasting harm. The pressurized stream reaches up to 12 feet for safe, effective defense.

**SKU** ARI-61101

## Bug Barrier III

Protect yourself from mosquitoes, ticks, fleas, and more with this 23.75% DEET spray. Fast-drying and easy to apply, it offers long-lasting, EPA-registered protection to keep you focused and comfortable on the job.

**SKU** ARI-61604

## Tick Stuff

Protect your gear and stay bite-free with this effective permethrin spray. Applied to clothing, it repels and kills ticks, mosquitoes, and mites for up to 2 weeks. CDC approved—use on fabrics only, not directly on skin or while wearing.

**SKU** ARI-61701

## First Aid Kit

**Class A 21 ANSI 16PW – 18M**

**18 Metal**  
**Height: 7**  
**Width: 10**  
**Depth: 2.5**

**Category:** Class A First Aid Kits and Cabinets

Meets NEW ANSI Z308.1 Standard. Unitized First Aid Kits stay neat and organized, fitting tight to prevent shifting. Contents are individually boxed, color coded and packaged. Single-use packaging ensures uncontaminated product for treating injuries. Strong latches that keep your supplies secure so they're always ready to use.

Every job-site is unique, especially your own. We provide both heavy duty plastic kits and resilient metal kits fit to survive your demanding work conditions. Back plates are color coded which makes it simple to see what product is missing, making the inventory and reordering process much quicker.

*Class A is designed for common workplace injuries.*

**SKU** K622-015 18M

## 3000 Watt Inverter Generator

### Super Quiet Portable Gas Power Professional Use

For the hard-working professionals who love to work hard and play-hard the Tomahawk TG3000i 3000 Watt Inverter Generator is your go-to power solution. Designed for demanding job sites and remote locations, this industrial-grade generator delivers reliable, robust power with its high-performance engine and advanced inverter technology. Whether you're powering sensitive electronics or heavy-duty tools, the TG3000i provides clean, stable power. With fuel-saving technology for extended run times and super quiet operation, it's efficient and ideal for noise-sensitive areas. **SKU TMH-TG3000i**

## 5500 Watt Inverter Generator

### Super Quiet Portable Gas Power Professional Use

Tomahawk TG5500i Inverter Generators are built for the professionals who tackle the toughest jobs. Delivering a powerful 5500 Watts, this generator is your reliable partner for demanding job sites and remote operations. With an electric start for quick ignition and a high-performance engine, it guarantees consistent, robust power. Featuring advanced inverter technology, the TG5500i ensures clean, stable power, while its super quiet operation and eco mode maximize fuel efficiency and reduce noise. **SKU TMH-TG5500i**

## 2 Inch Trash Water Pump

### 164 GPM 3.5HP GX120 Powered By Honda Portable Utility

Perfect for on-the-go pumping in dirty water applications, such as flooded construction sites, basements, draining pools and ponds, or irrigating fields!

**SKU TMH-TW2H**

## 1/2 HP Submersible Trash Pump

### 66 GPM / 3960 GPH, 400W 2" Discharge

From flooded basements to construction sites, the Tomahawk TDP400 Submersible Pump delivers powerful water removal in a compact, easy-to-deploy design. Built with a durable vortex impeller and double mechanical seals, this 1/2 horsepower pump handles dirty water, sand, and mud, making it ideal for contractors, utility crews, and emergency response. Whether you're draining trenches, sumps, or pits, the TDP400 moves water fast and reliably—backed by Tomahawk's legendary commitment to job-site performance. **SKU TMH-TDP400**

## Eccoflo Triplex Diaphragm 12V Water Pump and Strainer

The Eccotemp EccoFlo is a portable compact water pump allowing pressurized water wherever you need it. Whether you're needing to pull water from a creek to your Eccotemp Portable Tankless Water Heater or you need to transfer liquids from one area to another, the EccoFlo is the perfect tool for the job.

The EccoFlo is CE Certified and compatible with any of our portable tankless water heaters and can be used in any scenario where you need to pump or pressurize liquids. With a self-priming feature this allows the pump to safely run dry without any damage.

**SKU ZOR-G002751648**

## 9536-15 8" Compaxial DC Plastic Blower 15' Ducting

This versatile system features the 8" Axial blower with canister and your choice of 15', 25' or 50' ducting. This lightweight unit is designed with the quick-connect clipping system which allows workers to attach the canister, tools-free, to the input side for powerful extraction or output side for ventilation. The 15' or 25' ducting stores conveniently within the canister. Special design features include blower and canister built-in carry handles, built-in On/Off switch and safety orange coloration.

**SKU ALL-9536-15**

## 175 Watt Modified Sine Wave Inverter

The CyberPower M175XUC 175 Watt Power Inverter converts power from your vehicle's 12V DC power outlet into household AC power. The M175XUC can simultaneously power two devices through its two standard AC outlets, and charge up to two devices with its one, 2.4 amp USB-A port, and one 15 watt USB-C port. Featuring a 2.5 ft power cord, a 15 amp fuse for over-current protection, and automatic power shutdown that will prevent your automotive battery from excessive power drain. The CyberPower M175XUC's AC output is rated at 150 watts continuous power, and up to 175 watts of peak power for operation of small electronics that draw a low amount of power. **SKU BPM-PWR11273**

## 250 Watt Modified Sine Wave Inverter

SAM Series low interference, high efficiency modified sine wave DC-AC inverters convert 12 VDC to 115 VAC at an output frequency of 60 Hz. Connect through any 12V lighter socket in your car, boat, truck or RV, or use the battery clamps to connect directly to your battery.

*Includes one three prong outlet and a USB Charging Port.*

### Features

- USB charging port: 5 VDC, 2.1A
- Low battery input alarm
- Universal protection circuit: thermal, battery, overload, short circuit, earth fault
- Soft start technology
- Cool surface technology
- Low interference technology

**SKU BPM-PWR10016**

## 450 Watt Modified Sine Wave Inverter

SAM Series low interference, high efficiency modified sine wave DC-AC inverters convert 12 VDC to 115 VAC at an output frequency of 60 Hz. Connect through any 12V lighter socket in your car, boat, truck or RV.

*Includes two three prong outlets and a USB Charging Port.*

### Features

- USB charging port: 5 VDC, 2.1A
- Low battery input alarm
- Universal protection circuit: thermal, battery, overload, short circuit, earth fault
- Soft start technology
- Cool surface technology
- Low interference technology

**SKU BPM-PWR10017**

## Energizer Industrial

Energizer Industrial batteries are designed for professional and high-demand applications, offering long-lasting power and durability in bulk packaging. They are optimized for heavy current and continuous use, performing well even after extended storage. While they share the same technical specifications as regular Energizer batteries, Industrial batteries are not typically sold in retail packaging and are instead packaged for volume users.

### SKU

## ***With Gratitude and Faith***

At FlagShooter, we give thanks to God for the opportunity to serve each and every one of our customers. Your continued support is a blessing, and we're honored to play a role in helping you carry out the important work of protecting our nation's infrastructure.

The items featured in this catalog represent the most popular and widely used products among our customers. However, we know that every operation has unique needs. If you're looking for something not listed here, please don't hesitate to reach out. Our sales team is ready to help source additional items or explore custom solutions tailored to your work in the field.

As we continue to grow and serve, we remain committed to faith, integrity, and excellence in all that we do. Thank you for being a part of the FlagShooter family.

May God bless you and keep you safe in all your work.

We value the opportunity to serve you — and we're here to help you get the job done safely, efficiently, and with confidence.

*-The FlagShooter Team*
